POWERFUL MEMBER BENEFITS

Advocacy

The REALTOR® organization is considered to have the country's most effective advocacy program. We advocate for federal, state, and local initiatives that strengthen American's right to own, buy and sell real property, and promote a vibrant business environment for the self-employed.

Consumer Outreach

Consumer campaigns promote the REALTOR® brand, position REALTORS® as trusted real estate experts in their communities, and educate the public about the value REALTORS® bring to every transaction.

Education

Access courses, training, and professional development opportunities that help you meet licensing requirements, stay current on industry changes, and build the knowledge needed to better serve clients and grow your business.

MLS

The multiple listing service is a tool that allows real estate professionals to learn about and share local property listings in support of the interest of clients. REALTORS® enjoy the efficiency of sharing real property information, while facilitating cooperative transactions, and their clients benefit by having access to the most accurate and real time property information available.

Statistical Data

REALTORS® receive the latest research and sales data that provide insight to local market conditions and trends in a format that's easy to read, understand, and available to share.

Key Box Services

REALTORS® are provided a cutting-edge electronic lockbox system. This makes it easy to show properties and gives homeowners peace of mind knowing all showings are tracked and logged.

Property Showcase

Preview new listings, gain local market insight, and better serve buyers through this weekly REALTOR® property preview and networking opportunity.

Events

Connect with industry professionals, learn new ideas, and discover opportunities to grow your business.

Legal Hotline

Dealing with legal issues in real estate can be a complicated and confusing business, even for experienced REALTORS®. The Utah Association of REALTORS® offers a legal hotline where attorneys assist REALTORS® with legal questions and scenarios.

Forms

The REALTOR® organization maintains a forms committee that not only provides you with the contracts and forms necessary to a real estate transaction, but continually evaluates the forms to stay current with the ever-changing real estate landscape. REALTORS® have access to these forms through their subscription in the MLS.

Communications

To assist with your business, we have an extensive communication program that includes email, text, posts, etc., so you'll never miss important news, events, or classes.

Technology Tools

Access industry-leading tools that streamline your business, including digital signatures, transaction management, AI resources, identification verification, and other technology designed to improve efficiency and enhance the client experience.
